Town Report printed by: Paul H. Murphy & Company, Inc., Quincy, Massachusetts*

**FISCAL YEAR 2003 ANNUAL TOWN REPORTS
OF THE TOWN AND COUNTY OF**

NANTUCKET, MASSACHUSETTS

(FOR THE PERIOD COVERING JULY 1, 2002 - JUNE 30, 2003)

This report contains the reports of the Selectmen, the School Committee, the Finance Department and other such reports as are considered expedient. This report is prepared pursuant to Section 49 of Chapter 40 of the General Laws of the Commonwealth of Massachusetts and other applicable statutes.

AMERICANS WITH DISABILITIES ACT NOTICE

The Town of Nantucket advises applicants, participants and the public that it does not discriminate on the basis of disability in admission to, access to, treatment or employment in its programs, services and activities. The Town of Nantucket will provide auxiliary aids and services to access programs upon request. Inquiries, requests and complaints should be directed to the Town Administrator, Town & County Building, 16 Broad Street, Nantucket, Massachusetts 02554 (508) 228-7255.

**IF YOU NEED A LARGE PRINT VERSION OF THE ANNUAL TOWN
REPORT, PLEASE CONTACT TOWN ADMINISTRATION.**

NANTUCKET "AT A GLANCE"

ROBERT SYLVESTER WAREHAM

*We are grateful for their years of faithful service to the
Town of Nantucket*

DEDICATION

*This Town Report is
Dedicated to the Memory of*

RICHARD FREEMONT COFFIN

AND

CHARLES EUGENE FLANAGAN, SR.

RICHARD FREEMAN COFFIN
July 23, 1918 – April 6, 2003

Son of Frederick and Eulalia Coffin, Richard (Dick) Coffin was born in Dorchester, Massachusetts. He graduated from Bridgeton Academy and attended Massachusetts State College, known today as University of Massachusetts, Amherst, where he was a standout on the football and track teams. Dick came to Nantucket in the early 1940's and worked at Yerxa's boatyard as a catboat captain. Shortly thereafter, he began teaching in the Nantucket public school system. Dick assisted Howard Laundry with the football program before becoming head coach in 1945. He was then appointed Athletic Director and head boys and girls basketball coach. "Coach Coffin", as he was affectionately known by students, fellow teachers and the community, retired from the school system in 1961.

In the 1950's Dick was one of the organizers of the adult "fast pitch" softball league. It was during this time that he began a friendship with Ralph Marble that would eventually lead to the creation and building of the Miacomet Golf Course in 1961. Golf was not a sport he played at this time; however, he and Ralph laid out 18 holes on the natural terrain of Ralph's farmland. They begged and borrowed equipment from many sources and decided to build nine holes first to get the course started. Dick brought out his one-car garage from his home on Hussey Street to serve as the first pro shop. The first clubhouse came dismantled from Otis Air Force Base and Dick re-built it with the help of his former student-athletes. When Miacomet Golf Club became established, Dick stepped down and began a new full-time career in real estate becoming the owner of Sconset Real Estate. In 1975 Dick and his wife Grace bought 51 Main Street and started Coffin's Gift Store. Dick loved to meet people and his infectious smile and sense of humor made the gift store one of the busiest places on Main Street. Customers would return time after time just to talk and joke with Dick.

Dick was always a teacher and coach at heart and for many years assisted at the Boy's Club with the football program, and was a member of the Park and Recreation Commission for several years.

Nantucket Island celebrated its Tricentennial in 1959 and Dick was involved as the registrar for the "Coffin Family Reunion." He met relatives from every state in the Union and was selected to represent the Coffin family from Nantucket at the inauguration of Pedro Quintanilla Coffin as mayor of Monterey, Mexico.

Dick was co-founder of the Antique Auto Club of Nantucket and served as its president from 1985 until 1993. He owned many antique cars over the years. He was involved with the 4th of July parades and picnics and was one of the organizers of the first Daffodil Antique Car Parade, now one of the most popular annual events on the island.

CHARLES EUGENE FLANAGAN, SR.
September 19, 1928 – October 18, 2002

Born on Nantucket, Charles (Charlie) was the son of the late Charles P. and Catherine T. (Perry) Flanagan. He graduated from Boston College High School in 1946, and graduated from St. Michael's College in 1951 with a degree in business administration. While at St. Michael's, he served as president of the Glee Club, and was a member of the "a capella" chorus, Student Council, school newspaper, and Drama Club. He was later earned a master's degree in education from American International College.

In his younger years, Charlie worked for the Massachusetts Steamship Line, later called the Steamship Authority, in the position of baggage master, which he jokingly referred to as "baggage mangler," and also held the positions of freight-handler, clerk and dock hand. He would tell the story of how he had a lobster salad sandwich every day for lunch. When people would express their envy for such fare, he would say, "Well, to me, it was like having peanut butter and jelly every day. My grandfather had fishing boats and, every day, the men would deliver a peach basket full of fish and lobsters to the house."

In 1944 and continuing until his death, he worked at the Dreamland Theatre as usher and ticket-taker, later assuming positions as projectionist, general manager and treasurer. Charlie married the former Ruth Ann Murphy on June 2, 1951. They were known for their beautiful singing voices and passed along their love for music to their four children. This singing family has been a fixture at St. Mary's Church for many years, as well as at many community events.

Charlie, whose father headed Nantucket's Selective Service Board, was drafted into the United States Army. After his discharge in 1953, he began teaching for the Nantucket School Department. He taught for 41 years, teaching a full range of subjects that included English, Latin I, U.S. history, general math, all business subjects, economics, marketing, computer programming and applications and photography. He served as director of vocal music, and music supervisor for many years while also assuming the position of acting principal and assistant principal. Charlie also conducted his own public accounting practice on the island.

Charlie became dedicated to the Nantucket Fire Department while fighting the "mid-Island fire" in 1949. In 1953, he began his tenure as a volunteer call firefighter with the Nantucket Fire Department, which became a life-long attachment that he cherished. He was appointed lieutenant in 1960, captain in 1965, and second deputy chief in 1970. He became an EMT in 1974 and eventually became the island's EMT instructor. Nantucket's automatic electronic defibrillator program was named in honor of Charlie for his dedication to the development of the island's emergency medical response system.

Mr. Flanagan was very proud of being a third generation "wharf rat" and served on its board of directors. He was a member of the American Legion and served on the board of directors or trustees of the Nantucket Chamber Music Society, the J. B. Chase Engine Co. #4, the Pacific Club, the Homestead and the Kenneth Donnell Trust. He was past president of the Nantucket Rotary Club, and was named Rotarian of the Year in 1996. He was a member of the Massachusetts Retired Teachers Association, the National Education Association and the Boston Computer Society. With his sons Daniel and the late Charles E. Flanagan Jr., he was active for many years in the Nantucket troops of the Boy Scouts of America. He served on the district committee as assistant scoutmaster, and was a member of the troop committee. He was a member of the Abaki Mi-Sa-Na-Ki Lodge of Cape Cod Order of the Arrow (Vigil), and received the Pelican Award. Mr. Flanagan was a communicant of St. Mary's Church and attended daily Mass. Among many other things, he will be remembered for his infectious smile, his vocal range of three octaves and for his willingness to serve others. He was always ready to join any organization or contribute to any effort that would help others. He truly lived the Rotary motto, "Service Above Self," all of his life.

NANTUCKET TOWN OFFICERS

Elected Officials (year term expires -- terms expire at Annual Town Election)

BOARD OF SELECTMEN 3-year term

Robert F. Murphy, Chairman (2005)
Timothy M. Soverino (2005)
Francis T. Spriggs (2004)
Stephen L. Bender (2003) – succeeded by Bruce L. Watts (2006)
Matthew G. Fee (2004)

COMMUNITY PRESERVATION COMMITTEE AT-LARGE (3-year term)

Kenneth Beaugrand (2006)
Richard Brannigan (2006)

HARBOR & SHELLFISH ADVISORY BOARD 3-year term

Patricia Stolte, Chairman (2004)
Matthew Herr (2005)
Joseph Lopes (2004)
Kenneth Kelley (2004)
Robert Ruley (2003) – succeeded by Douglas Smith (2006)
Christopher Fuller (2003) – succeeded by Wendy McCrae (2006)
Frederick Holdgate (2005)

HISTORIC DISTRICT COMMISSION 3-year term

Raymond St. Peter, Chairman (2003) – re-elected (2006)
John F. McLaughlin (2004)
Dirk Roggeveen (2005)
Dawn Hill (2005)
Linda Williams (2004)

Associate Members

Valerie Norton (2005)
Matthew MacEachern (2004)
Wendy McCrae (2006)

HOUSING AUTHORITY 5-year term

Norman Chaleki, Chairman (2006)
Linda Williams (2003) – re-elected (2008)
Bertyl V. Johnson, Jr. (2005)
William Snowden (2003) – succeeded by John O'Neill (2004)
Alan Brown, State Appointee (2007)

LAND BANK COMMISSION, NANTUCKET ISLANDS 5-year term

Kenneth Holdgate, Chairman (2007)
John Stackpole (2004)
Philip Bartlett (2005)
Donald Visco (2003) – succeeded by Allen Reinhard (2008)
Polly Miller (2006)

MODERATOR 1-year term

Sarah F. Alger (2004)

PLANNING BOARD 5-year term

C. Marshall Beale, Chairman (2005)

John F. Kerry, Senator in Congress (2008)

William D. Delahunt, Representative in Congress (2004)

LEGISLATIVE LIAISON REPORT

The position of Legislative Liaison was created in 1979 as a result of redistricting and the elimination of the island legislative seat. The role of the Legislative Liaison is to provide Nantucket with a "voice" in the State House. The following Nantucket bills advanced to the Governor's desk this past year.

- Senate Bill 2006, an Act to establish Nantucket Affordable Housing Covenants. This is a voluntary covenant that people can place on their property to ensure that it remains "affordable," with the definition of affordable being up to 150% of the Nantucket county median household income as reported by the U.S. Department of Housing and Urban Development. This Act also authorizes the Nantucket Housing Authority to administer and enforce these voluntary covenants.
- House Bill 3659, an Act Relative to the Nantucket Island's Land Bank. This legislation includes "Limited Liability Companies" (LLC) among the entities that must pay a land bank fee at the time of a conveyance of real property. LLC's were not recognized as a form of property ownership at the time the Nantucket Land Bank Act was enacted. This Act also increases the first time homeowner exemption from \$100,000 to \$200,000.

I would like to thank State Representative Eric Turkington, State Senator Robert O'Leary and their respective staffs for the support and assistance given to Nantucket. I would also like to extend a special thanks to Representative Turkington's Chief of Staff, Moira McLane, who resigned her post to return to the practice of law. I wish her well. She was a great help to me and to the citizens of Nantucket.

Respectfully submitted,

Timothy R. Madden
Legislative Liaison

BOARD OF SELECTMEN

After meeting in numerous workshop settings over the last few months of fiscal year 2002 and 2003, the Board of Selectmen formally adopted the following four goals and objectives, in priority order, on August 28 2002 (these goals and objectives resulted in the June 11, 2002 "mission statement"):

- **Improvement of fiscal management** (decision making at the Board of Selectmen level to be information based; all sources of potential revenue to be examined with the intent of increasing revenue; existing allocation of revenue to be examined and re-allocated if deemed appropriate; communications with both employees and the Finance Committee to be improved).
- **Improvement of town administration and management** (inefficiencies to be identified and plans prepared when possible to eliminate them; the decision-making process and roles and responsibilities within Town government to be clarified and communicated by the end of the calendar year; the role of the Town Administrator, as contained in the Town and County Charter, to be adhered to).
- **Improvement of groundwater protection** (this issue would be prioritized as the number one focus by the Board of Health; short-term strategies to improve groundwater protection would be identified and implemented by December, and longer-term problems would be quantified based on

realistic data within a twelve month period; plan of action with quantifiable measurements of success to be developed and implemented).

- **Enhancement of quality of life for residents and visitors** (traffic flow would be improved in all areas; plan to maintain and/or increase public access to and acquisition of beach/waterfront property, as well as to monitor and manage use of Nantucket's beaches to be developed and implemented within the next year; strategies to address trash issues to be developed and implemented within three months; a community awareness campaign to be developed and implemented to educate the public in "ACK" ways" within three months).

*Board of Selectmen: (seated from left) Francis (Frank) Spriggs, Bruce L. Watts, Timothy M. Soverino
(standing from left) Matthew G. Fee, Chairman Robert "Finn" Murphy*

The Board and Town Administration worked hard to achieve these goals and many were successfully implemented, by the close of the year, or close to it. With regard to "fiscal management", most Town department operating expenses were either level funded or reduced for a third year in a row while statistics show that Nantucket has become one of the fastest growing communities in the Commonwealth. Rising health insurance costs and declining revenues continued to be of great concern, and the Board proposed changing the health plan, currently offered to town employees, to an alternative comparative plan. This change cannot be realized without agreement with all the collective bargaining units of the Town. To this end, an Insurance Advisory Committee was established comprised of representatives from all unions. Several meetings were held throughout the year with this committee and the Town's health insurance consultants, but by the end of the fiscal year no union had agreed to the health insurance change. The Board did raise existing fees, as well as established new fees this year. Fee increases in the Building, Fire, Health, Marine and Police Departments, and Town Clerk's office, became effective in September 2002, and in March 2003, several Town Administration fees were increased and new ones established.

The Board, acting under its Board of Health "hat", continued to address the issues of groundwater protection. Reports that Nantucket's septic system failure rate significantly surpasses the state average are of concern, and with the assistance of our engineering consultants, Earth Tech, a Septage Management Plan is being prepared. We also entered into Phase II of the Comprehensive Wastewater Management Plan with this report due early next fiscal year. The Board is also dedicated to funding a newly restructured state-sponsored "Estuaries Project" which contains Nantucket watershed areas. Numerous workshops were held throughout the winter months addressing issues such as development of a Madaket Harbor Watershed District, promulgation of regulations defining each water quality district as nitrogen sensitive areas, mandating installation of approved nitrogen reducing septic systems for new dwellings within the harbor protection districts, and responsible use of fertilization.

The Board's goal of enhancing the quality of life for residents and visitors took many directions this year. Traffic congestion and speeding issues continued to dominate the public's concern. Speed humps were installed on Orange and York Streets in August and plans were underway at the end of the year for citizens to petition the Board for approval to install additional speed humps on other public roads at abutters expense. This issue remains controversial. The Board also reviewed several proposals presented throughout the year from private agencies to implement private parking systems in the Core district for the summer season. After much debate, the Board voted to delay going forward with this pilot program pending further study.

The summer of 2002 was clearly a difficult summer with respect to beach access issues. The closing of the Miacomet area to vehicles due to erosion, combined with the closure of the very popular "40th pole" beach by the owner, vaulted beach access to the very top of the Board's list of challenges. The Board is keenly aware of the dual issue of beach access and beach management and with the creation of a new "Beach Manager" position, we hope to improve beach management, codify, and regulate commercial beach usage in the next fiscal year. The Board is also dedicated to securing additional public access whenever possible.

One of the Board's most ambitious undertakings this past year was a proposal for the town to acquire over 60 acres of developed and undeveloped land known as "Westmoor Farm." The Board saw this acquisition as a solution to many of the problems confronting Nantucket at this time, as it addressed the issues of affordable housing, meeting space, playing fields, open space preservation, land conservation, cultural assets and municipal needs. Although the 2003 Annual Town Meeting approved the purchase by a simple majority, a two-thirds vote was necessary and the article to acquire Westmoor Farm was not adopted (yes - 506, no - 353).

The 2003 Annual Town Election resulted in a shift to the political make-up of the Board. Incumbent Stephen Bender was replaced by Bruce Watts, Nantucket's former Fire Chief. We welcome Mr. Watts to the Board and wish Mr. Bender well in his future endeavors.

Fiscal Year 2003 Revenues for Licenses and Permits Issued by Board of Selectmen

Type of License	License Fee	Licenses Issued	Revenues Collected
All Alcohol Restaurant	\$2,750	36	\$ 99,000.00

Application Fees	\$20	11	\$ 220.00
TOTAL REVENUES			\$219,116.37

Respectfully submitted,

Robert "Finn" Murphy
Chairman

REPORT OF THE TOWN ADMINISTRATOR

I am pleased to provide the annual report of the Town Administrator for fiscal year 2003. The Charter for the Town of Nantucket outlines fifteen main duties for the position of Town Administrator. These duties range from supervision of town departments, including appointments and other personnel-related activity to preparation of the annual budget and Town Meeting warrants to implementation of policy set forth by the Board of Selectmen.

The Town Administrator is directly responsible for the departments contained in "Town Administration". These departments are: Finance, Public Works, Police, Fire, Our Island Home, Health, Building, Information/Geographic Systems, Marine and Coastal Resources, Visitor Services and, the office of the Board of Selectmen/Town Administrator. A charter amendment was adopted at the 2003 annual town election, which adds the following additional departments to the "umbrella" of Town Administration: Zoning Board of Appeals, Conservation Commission, Council on Aging, Council for Human Services, Historic District Commission, Planning Board, Park and Recreation Commission and Shellfish and Harbor Advisory Board. The only departments excluded from Town Administration are the School, Airport and Water departments.

Five significant personnel changes occurred during the year. One was the retirement of long-time Fire Chief Bruce Watts. Chief Watts served the Town for over twenty years, and his knowledge, experience and presence will be missed. We wish him all the best and look forward to continuing to work with him in his new role as a selectman. A search for a new Chief was underway at the close of the fiscal year. Another

change was the appointment of Bernard Bartlett as Building Commissioner. Prior to his appointment, Mr. Bartlett served as the Assistant Commissioner for sixteen years. We are pleased with his appointment and look forward to working with him. The third change was the establishment of a new position, that of "Beach Manager". The position was recommended by the Beach Management Advisory Committee and endorsed by the Board. Funding for the position will come from the Beach Management revolving fund, the revenue for which is derived from the sale of town beach stickers. At the end of the fiscal year, Amanda Bixby was appointed to the position. We anticipate that beach management activities will be coordinated in a more proactive and responsive way through this position. A fourth change was the appointment of personnel in the Treasurer and Collector offices. Deborah Weiner was appointed the Town's Treasurer; and Elizabeth Brown was appointed the Tax Collector. These difficult-to-fill positions had been vacant for two years. We are very pleased with both appointments and anticipate moving the department forward in a positive direction. The final personnel change was the retirement of Charles "Bud" Glidden as the town's Emergency Management Director. Mr. Glidden served many years in this unpaid position and his efforts, leadership, dedication and commitment are very much appreciated. We wish him the very best.

In addition to the Town Administrator, Assistant Town Administrator Nancy Oliver, Projects Administrator Colleen Donnelly and Office Administrator/Licensing Agent Elizabeth McIsaac staff the office of Town Administration. The assistance these individuals provide is invaluable. I am extremely grateful to have such a staff.

During the past fiscal year, in addition to day-to-day duties and responsibilities, our office concentrated on a number of new and existing projects and initiatives, including: continuing implementation of goals that the Board of Selectmen established for the year; preliminary work on the construction of a "pocket wetland" for storm water run-off remediation at County-owned property on Washington Street extension; continuing work to address encroachments onto Town-owned property; preparation and implementation of new beach use rules and regulations; continuation of work on various bike path and sidewalk projects, including Old South Road, Fairgrounds Road, and Bartlett Road bike paths, Hooper Farm Road, Vesper Lane and Prospect Street sidewalks; preparation work began on a number of building improvement projects; and, we worked on engaging someone to manage the "One Big Beach" program adopted by the Board of Selectmen during the year.

Challenges to be addressed in the coming year will include how to address the conclusions and issues contained in the Comprehensive Wastewater Management Plan, expected to be released early in fiscal year 2004; prioritization and funding of other pending capital improvement projects; continuing to deal with town budgetary constraints, along with the increasing demands on town departments; and continuing collective bargaining negotiations in a difficult financial environment.

I would like to extend my sincere thanks to the Board of Selectmen, my staff and department heads for their support and assistance throughout the year.

Respectfully submitted,

C. Elizabeth Gibson
Town Administrator

2002 SPECIAL TOWN MEETING

The following is a summary of the articles called, and the votes taken by the Special Town Meeting held on July 22, 2002. There were 391 registered voters in attendance.

Article 1: Appropriation Amendment: Siasconset Wastewater Treatment Facility. (Called) adopted by declared 2/3-majority voice vote.

Article 2: Appropriation: Solid Waste Enterprise Fund. (Not called) adopted by unanimous voice vote.

Article 3: Appropriation: Siasconset Water Enterprise Fund. (Not called) adopted by unanimous voice vote.

Article 4: Appropriation: Wannacomet Water Enterprise Fund. (Not called) adopted by unanimous voice vote.

Article 5: Steamship Authority. (Called) adopted as amended by resolution from Board of Selectmen on Town Meeting floor by unanimous voice vote.

2003 ANNUAL TOWN MEETING

The following is a summary of the articles called, and the vote taken by the annual Town Meeting held April 14, 15, and 30, 2003. There were 952, 549 and 376 registered voters, respectively, in attendance. All articles "not called" or where the "call" was subsequently withdrawn, were passed as recommended and/or amended by the Planning Board and/or the Finance Committee at the end of the Town Meeting. The complete text of the 2003 Annual Town Meeting minutes is on file at the office of the Town Clerk.

Article 1: Receipt of Reports. (Not called) passed as recommended.

Article 2: Appropriation: Unpaid Bills. (Not called) passed as recommended

Article 3: Appropriation: Prior Year Articles. (Not called) passed as recommended.

Article 4: Revolving Accounts: Annual Authorization. (Not called) passed as recommended.

Article 5: Appropriation: Reserve Fund. (Not called) passed as recommended.

Article 78: Home Rule Petition: Community Housing Bank. (Called) passed as amended twice on Town Meeting floor by majority voice vote.

Article 79: Home Rule Petition: Speed Limits. (Not called) passed as recommended.

Article 80: Acceptance of General Law Concerning Senior Citizen, Tax Exemptions. (Not called) not passed as recommended.

Article 81: Acceptance of Amendment to General Law Concerning Senior Citizen Tax Exemptions. (Not called) passed as recommended.

Article 82: Home Rule Petition: Conveyance of an Easement by the Commonwealth of Massachusetts to the County of Nantucket For Construction of the Fairgrounds Road Bicycle Path. (Not called) passed as recommended.

Article 83: Rescission of General Law Acceptance: Residency Requirement for Fire Fighters. (Called) passed by majority voice vote.

Article 84: Minimum Maintenance of Buildings. (Called) "Sense of the Meeting." The Meeting voted in favor of the article.

Article 85: Repeal Article 55 of 1996 ATM. (Called) passed by majority voice vote.

Article 86: Real Estate Acquisition: Various Parcels in Surfside Area for Open Space and Recreational Purposes. (Not called) no action taken.

Article 87: Real Estate Disposition: Dedication of Land for Open Space Recreational Purposes. (Not called) no action taken.

Article 88: Real Estate Disposition: Dedication of Land for Public Road Purposes. (Not called) no action taken.

Article 89: Real Estate Acquisition: Acquisition of Land for Public Ways. (Not called) no action taken.

Article 90: Real Estate Acquisition/Disposition: Madequecham Valley Road/Surfside. (Called) not passed; YES – 100, NO – 95. 2/3 (130).

Article 91: Real Estate Disposition: Long-term Lease Authorization/Tower in Madaket. (Not called) passed as recommended.

Article 92: Real Estate Disposition: Long-term Lease Authorization/Land in Sconset. (Not called) passed as recommended.

Article 93: Real Estate Disposition: Long-term Lease Authorization/Veterans' Center. Not called) passed as recommend.

Article 94: Real Estate Disposition: Long-term Lease Authorization/Grant of Easement. (Not called) passed as recommended.

Article 95: Real Estate Disposition: Long-term Lease Authorization/Grant of Easement. (Not called) passed as recommended.

Article 96: Appropriation: Stabilization Fund. (Not called) passed as recommended.

Article 97: Appropriation: Free Cash. (Called, call withdrawn) passed as recommended.

Uncalled Articles: Articles 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 14, 16, 17, 18,19, 20, 21, 22, 24, 26, 27, 28, 32, 33, 35, 48, 49, 50, 51, 57, 58, 61, 62, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 77, 79, 80, 81, 82, 86, 87, 88, 89, 91, 92, 93, 94, 95, 96 and 97.

All uncalled articles were voted as recommended/amended by the Finance Committee and/or, as recommended/amended by the Planning Board by unanimous voice vote.

2003 SPECIAL TOWN MEETING

The following is a summary of the vote taken by the Special Town Meeting held April 15, 2003, convened at 9:07 PM. There were 549 registered voters in attendance.

Article 1: Acquisition and Conveyance of Real Property in Surfside. (Called, call withdrawn).

Article 2: Real Estate Disposition: Long-term Lease Authorization, Brant Point Boat House. (Called) passed as amended by declared 2/3 majority voice vote.

Article 3: Non-Binding Question regarding Iraq. (Not called).

TOWN COUNSEL REPORT

Land Acquisitions and Dispositions. During fiscal year 2003, paperwork was prepared to implement the following acquisitions or conveyances of property by the Town, County and Land Bank:

- assisted the County's ongoing efforts to acquire the streets and roads in the downtown Harbor Square area.
- assisted with the acquisition of easements and rights of way, and with regulatory and liability issues for bicycle paths and for various road layouts, 40th Pole beach, and other beaches.
- helped negotiate and assure legal compliance for various conservation restrictions, including those for the Murphy, Seidman and Tuckernuck Land Trust properties.
- assisted with the proposed acquisition of property at Westmoor Farm.
- assisted the Land Bank with its acquisition of various properties, including the Holdgate, Nasser, Aladjem and Bartlett parcels.

Collective Bargaining. We assisted the town in general employee matters and in connection with collective bargaining with the Town employees during this past year. We also provided advice from time to time during the year regarding the interpretation and application of collective bargaining agreements, including employee grievances; and, addressing the local impact of a federal indictment of a Town department head that occurred during this year.

New Laws. Various proposed legislation was drafted for presentation to the legislature. We assisted in the preparation of numerous Nantucket bylaws and amendments, as presented to the Town in the 2003 Annual Town Meeting and various rules and regulations as adopted by Town agencies, including new scalloping regulations and new commercial beach use regulations. We also assisted with presentations of proposed legislation to state officials, including the proposed affordable housing covenant legislation and the proposed increase in the Land Bank exemption to \$200,000. We acted to oppose legislation proposed by New Bedford to change the Steamship Authority and helped guide the implementation of the new Community Preservation Act.

Advice and Legal Documents. Numerous advisory opinions were rendered throughout the year to various Town officials and Boards relating to a wide variety of issues and subjects. Frequent and ongoing attention was given to reviewing and drafting numerous contract documents and agreements, zoning and

building issues, easements, conservation restrictions, procurement documents, leases, warrants for Town meetings, license agreements, certain decisions by regulatory boards, including Chapter 40B comprehensive permit issues, wind farm environmental issues, the legal ramifications of erosion, various Steamship Authority issues, the Nantucket Housing Needs Covenant and other legal documents. We assisted with various contractual issues involving contractors for completed and on-going town projects.

Administrative Agency Proceedings. Since last year's report, there have been a number of administrative agency issues pending in state agencies, including issues before the Attorney General's Office, State Ethics Commission, Department of Revenue, Secretary of State's Public Records Office, the Department of Environmental Protection and the Appellate Tax Board. We have also been monitoring certain meetings of the Steamship Authority to help protect Nantucket's interests.

Major Projects. Substantial efforts have been undertaken with respect to sewer matters, various bicycle path projects, beach access projects; specifically:

- the Smith's Point/Esther's Island preservation certificate of title project, and the area of beach in Dionis known as "40th pole"
- the Harbor Square road layout project and public access issues regarding Old North Wharf and the land swap project with Nantucket Electric Company
- land title issues regarding Children's Beach and Great Point
- affordable housing issues including Nantucket Housing Needs Covenant, teacher housing, and assisted living facilities
- fuel storage tank licensure issues and the Siasconset Wastewater Treatment Plant permitting and land acquisition issues, and the planned upgrade for the Surfside Wastewater Treatment Plant.

Roads. Numerous questions arose this past year regarding the status of roads as private or public ways, the use of land under roads for wells, septic, or other underground uses, and the laying out of road boundaries and the means of acquiring or preserving public rights. In addition, we appeared on behalf of the public in a number of land registration actions in Land Court to ensure protection for the public ownership of various roads.

Litigation. The number of claims and lawsuits involving the Town or County pending as of June 30, 2003 total 75, as follows:

- 11 lawsuits involving the Town's title to various parcels of real estate taken for nonpayment of taxes:
Town of Nantucket v. William Davidow, Mass Land Ct., 76578.
Nantucket v. Cornelius Callahan, Mass Land Ct., 71333.
Nantucket v. John F. Callahan, Mass Land Ct., 71332.
Nantucket v. James D. Canan, Mass Land Ct., 71334.
Nantucket v. Loring T. Cushman, Mass Land Ct., 71353.
Nantucket v. Charles Arthur Derby, Mass Land Ct., 72545.
Nantucket v. Alfred B. Mills, Mass Land Ct., 71563.
Nantucket v. George Alfred Mills, Mass Land Ct., 71561.
Nantucket v. Thomas A. Nelson, Mass Land Ct., 71342.
Nantucket v. Norman K. Smith, Mass Land Ct., 72292.
Nantucket v. John G. Wickstrom, Mass Land Ct., 71696.

- 4 lawsuits or adversarial proceedings involving the Board of Selectmen:
Daly v. Nantucket Homes for People, Inc. and Town of Nantucket, Mass. Land Court No. 2668011.
Mad Jam, Inc. d/b/a Bamboo Supper Club v. Board of Selectmen, Alcoholic Beverage Control Commission, AB-REST.
Stephen A. Davis and Ramona N. Davis, individually and as Trustees of 53 Hulbert Avenue Realty Trust v. Board of Selectmen, Nantucket Sup Ct., C.A. 02-44.
Andrew Owen and Sandra L. Owen v. Town of Nantucket, Mass. Land Court No. 292977.
- 2 lawsuits involving the Building Inspector:
Howard and Karen Clark, Suffolk Sup Ct., C.A. 01-2486.
Duffy and Gemis v. Town of Nantucket Acting Building Commissioner, Board of Survey, Fire Chief, Board of Selectmen individually and as members of the Board, Elizabeth Gibson, individually and as Town Administrator, Town of Nantucket Conservation Commission and Town of Nantucket, Nan Sup Ct., C.A. 02-45.
- 6 lawsuits involving the Planning Board:
Parker v. Nantucket Planning Board, Nan Sup Ct., C.A. 00-36.
Gund v. Nantucket Planning Board, Mass. Land Ct., 196505.
D.C. Realty v. Nantucket Planning Board, Mass. Land Ct., No. 233519.
Nell Martin v. Nantucket Planning Board, Mass. Land Ct., No. 244987.
Richard Graham, Trustee for Cannonbury Land Realty Trust, et al. v. Nantucket Planning Board, Mass. Land Court No. 255072.
Tuge Koseatac v. Planning Board, Nan Sup Ct., C.A. 01-03.
- 21 lawsuits involving the Board of Appeals:
Hrones v. Davis and Nantucket Board of Appeals, Mass. Land Ct., No. 175210.
Cafaro v. Nantucket Board of Appeals, Mass. Land Ct., No. 131161.
Artists Association of Nantucket v. Board of Appeals, Mass. Land Ct., No. 140554.
Holt v. Board of Appeals, Mass. Land Ct., No. 168082.
Frazier v. Nantucket Board of Appeals, Mass. Land Ct., No. 180447.
Bates v. Nantucket Board of Appeals, Mass. Land Ct., No. 140554.
Nantucket Land Council v. Board of Appeals, Nan Sup Ct., C.A. 95-6.
Pluff v. Cranberry v. Board of Appeals, Nan Sup Ct., C.A. 95-33.
Johnson v. McConnell & Board of Appeals, Nan Sup Ct., C. A. 96-17.
Notis-McConarty, Trustee of IV Broad Street Trust v. Board of Appeals, Mass. Land Court No. ZAK 250392.
Lecain and Brant v. Board of Appeals and Parks and Recreation Commission, Mass. Land Court No. 259360.
Clark v. Board of Appeals and William E. Little, Jr., Mass. Land Court Misc. No. 271621.
Ann F. Shuch Qualified Personal Residence Trust v. Board of Appeals and Lynn F. and Robert G. Thomson, Mass. Land Court No. 272318.
1946 House Realty Trust, Lobster Pot Nominee Trust and Clifford v. Board of Appeals and Joseph Arno, Nan Sup Ct., C.A. 00-42.
Lumbermens Mutual Casualty Co. v. The Town of Nantucket, U.S.DC, C.A. 02CV11368-REK.

Norwood Farms Trust v. Board of Appeals, Mass. Land Ct., No. 278410.
Chase et al v. Board of Appeals, Mass. Land Ct., No. 227892.
Vinecliff Nominee Trust v. Board of Appeals and Something, Inc., Mass. Land Court, No. 282960.
Nine Milk Street Realty Trust v. Board of Appeals, Mass. Land Court, No. 289410.
McClure v. Board of Appeals, George Williams and Mary Williams, Mass. Land Court, No. 287709.
O'Connor v. Board of Appeals, Nan Sup Ct., C.A. 03-02.

- 7 lawsuits involving the Conservation Commission:
Lincoln v. Nantucket Conservation Commission, Nan Sup Ct., C. A. 95-93.
Nelson v. Nantucket Conservation Commission, Nan Sup Ct., C.A. 99-14.
Swain Point Nominee Trust v. Nantucket Conservation Commission, Nan Sup Ct., C.A. 98-24.
Graham v. Nantucket Conservation Commission and Town of Nantucket, DEP File No. SE-48-1451.
Graham v. Nantucket Conservation Commission, Nan Sup Ct., C.A. 01-25.
Benedict v. Nantucket Conservation Commission, Nan Sup Ct., C.A. 98-32.
Willet et al. v. Nantucket Conservation Commission, Nan Sup Ct., C.A. 03-11.
- 4 lawsuits involving the Airport Commission:
Nantucket Memorial Airport Commission v. Bruce Poor, Trustee of Weeweeder Pond Realty Trust, Land Court, 253466.
In re. Peter Sourian, Land Court Registration Case No. 43236.
William S. Devine, Trustee of the Loomis Realty Trust v. Town of Nantucket, Nan Sup Ct., C.A. 01-39.
Nantucket Memorial Airport v. Walsh and Nantucket Express, Nan Sup Ct., C.A. 02-07.
- 2 lawsuits involving the County of Nantucket:
Soeder v. Board of Selectmen, Nan Sup Ct., C. A. No. 97-18.
Estate of Seth Clisby v. County of Nantucket, and Town of Nantucket, Nan Sup Ct., C.A. No. 03-10.
- 5 Land Court registration petitions involving Town and County land:
J. Arnold Teasdale and Thompson v. Hardy, et. al., Land Ct., 163579.
In re Holmes Registration case, Land Ct., Reg. 42951.
Sargent/Kazanjan, Probate Court No. 98P-0006-FE.
Town of Nantucket (Codfish Park Beach), Land Ct., 38944.
Crowley v. Nantucket, Land Ct., 220210.
- 4 lawsuits involving the Department of Public Works:
O'Brian v. New England Development and Town of Nantucket, USDC, C.A. 01-11228 NG.
Bartlett v. Town of Nantucket, Land Ct., 43179.
Siasconset Treatment Plant; Department of Environmental Protection v. Town of Nantucket, SE-97-1006.
AFSCME, Council 93 v. Town of Nantucket, American Arbitration Association.
- 1 lawsuit involving the Historic District Commission:
Nace v. Desrocher et al and Hall et al, Nan Sup Ct., C.A. 00-39.

- 1 lawsuit involving the Nantucket Public Schools:

Compass Groups USA, Inc. v. Nantucket School District and Alan B. Myers, Middlesex Sup Ct., C.A. 00-4828.

- 7 claims that are not yet lawsuits:

Aidan Sherry v. County of Nantucket (DPW).

Felipe Diaz v. Town of Nantucket (DPW).

Colleen Daugherty v. Town of Nantucket (DPW).

Sarah Rude v. County of Nantucket (Commissioners).

Bradford v. Town of Nantucket (DPW).

Podiads v. Town of Nantucket (Police).

Mortman v. Town of Nantucket (DPW).

Respectfully submitted,

Paul DeRensis
Town Counsel

NANTUCKET PUBLIC SCHOOLS

The challenge to the Nantucket Public Schools (NPS), and to every community, is to deliver a quality education to each child, using the best of our research findings to meet the needs of a diverse group of students. We at NPS are confident that we are meeting this challenge, and our energies have produced a program that creatively balances educational and extra-curricular opportunities within a framework of fiscal restraint and responsibility.

The 2002-2003 academic years marked the 12th year of my tenure as Superintendent of Schools. My administrative team included: Marcia K. Evans, Assistant Superintendent for Curriculum; Glenn Field, Assistant to the Superintendent for Business; Nancy Larrabee, Principal, Nantucket Elementary School (NES); Lyndell A. Kalman, Principal, Cyrus Peirce Middle School (CPS); Paul Richards, Principal, Nantucket High School (NHS); Nina Locario, Director, Special Services; Jack McFarland, Facilities Manager; and Karyn Lindsay, Executive Director, Nantucket Community School.

Student enrollment was 1148 students in 2002-2003, with the elementary school welcoming 514 students, the middle school 274 students, and the high school 360 students.

The School Councils of the Nantucket Elementary School (NES), Cyrus Peirce Middle School (CPS), and Nantucket High School (NHS) provide an important opportunity for community partners, parents, teachers, and principals to come together and share ideas and resources to shape our future educational direction. The Councils' role is an asset in the development of NPS's School Improvement Plans and the budget. They promote coordination in goal setting and planning, and are a critical tool in the evaluation of district and school performance.

The Nantucket School Committee set forward the following goals for the 2002-2003 school year:

- to improve student achievement
- to foster a more positive school climate

- to attract and retain quality staff
- to develop financial infrastructure and advocate for short- and long-term financial stability.

The goals are being implemented as specific objectives, with the introduction of an integrated and articulated K-12 curriculum remaining among the most important contributions made district-wide in the last five years. The scope of the school day is expanding to include activities that go well into the evening hours: after school programs, children's enrichment activities, parent education, and adult programs. The benefit of our extending arm touches every business employing parents, every community group accessing space, and ultimately all of us living in the Nantucket community.

Building a Responsible Budget

The district budget is built in response to the goals outlined by the School Committee, and the specific proposals outlined in the School Improvement Plans. The process includes parents, classroom teachers, specialty teachers, School Councils, Administrators, the Budget Advisory Committee, and the School Committee. Shifting demographics have increased the need for other support services, such as English as a Second Language instruction, and the district is successfully meeting its obligations under law for this special population. In all, NPS remains committed to meet our diversity of learners with the skills necessary for a life rich in opportunity. The financial realities imposed by the limitations of Proposition 2 1/2 and the state of the national economy translate into local conditions that suggest restraint, while the goals of NPS and the demands of the state mandates and legal obligations beg a responsible balance between respecting these limitations and achieving our educational objectives. The system remains committed to quality instruction and the maintenance of class size at School Committee-defined levels as first priority.

Within these parameters, areas of most recent cost savings include:

- Newly negotiated union contracts
- Reductions in the number of events, and changes in the methods of transportation for athletic events;
- Lessening the hours of building operation (including the Community Pool) by closing the buildings earlier each day, closing on Sundays, and for longer periods during the holidays;
- Re-negotiated copier and other service contracts;
- Re-negotiated bus contract which includes keeping buses for more than one year instead of leasing annually;
- Purchasing computers so that maintenance and parts are covered for three years;
- Reducing the number of teaching assistants in Nantucket Elementary School.

Educational Improvements

The district is unswerving in its effort to provide equal access to a lifetime of opportunity for all children residing on Nantucket. Meeting a child's unique potential is paramount to our future as a community and a nation. Balancing academic needs with other interests in music, performing arts, sports, and other extra-curricular activities remains a goal the NPS takes seriously. Innovative ways to integrate curriculum in-and-outside the traditional school day and within-and-outside our classrooms already are proving to be successful. Our programs and approach, extending from preschool-age to seniors, remain an important part of our contribution to the Nantucket community.

An Integrated and Articulated K-12 Curriculum

Our method begins with a solid curriculum foundation, and blossoms in a variety of teacher-based

approaches that help instruct in skills, while remaining sensitive to the reality that all children learn differently. The district is committed to providing a curriculum that offers consistency among classes in the same grade, and continuity through the grade levels. Evidence shows that effective learning builds on prior knowledge, experience, and instruction. Hands-on learning is encouraged and interactive methods are at the root of instruction. All curricula are in alignment with Massachusetts curriculum frameworks. Academic goals for NPS students include:

- to be proficient readers and writers
- to be able to research a topic in-depth, and present findings in an organized format
- to be proficient in mathematics
- to be problem solvers
- to learn in a challenging learning environment.

How does NPS compare to other similar school districts across the state

During the past five years, the Massachusetts Comprehensive Assessment System (MCAS) scores in English/language arts and math have continued to improve, with the exception of 8th grade math (the MCAS is designed to measure how well students master the Massachusetts curriculum frameworks). The Department of Education improvement rating scales for the district also place Nantucket consistently in the "high and above" target categories for English/language arts, while math is "moderate and on target," and for 8th grade math has "low and declined" targeted projections.

Professional Development

The district's professional development program emphasizes effective teaching strategies based on the most current research and findings. This year, teachers select from seven graduate courses offered on the Island in reading, writing, social studies, research, and teaching techniques. Part of the program extends beyond instruction, with consultants working with teachers in their classrooms during the school day to provide valuable feedback and support.

Technological Improvements for Teaching and Learning

The implementation of a computer network in place of independent (stand-alone) computers, and the increased use of a wireless network, have advanced the level of classroom instruction and the efficiency of building management. Decisions on building the network are made on the basis of "total cost of ownership," where purchases include warranties, service contracts, compatibility considerations, and general dependability to assess the total cost of equipment over a lifetime basis. Students have hands-on access to computer technology, and the Community School enjoys use of all resources including computer labs, mobile and wireless laptop computer carts, projectors, videoconferencing, and satellite technology in-and-out-of-school-hours.

Focus on the Whole Person

Education happens in many ways, and learning is supported by activities that develop the potential of the whole person. NPS is proud of its tradition of commitment to extra-curricular offerings that include a variety of sports teams, academic clubs, community outreach organizations, and opportunities to participate in the performing arts. The High School musical, the *Accidentals and Naturals*, and the "best-in-northeast" student newspaper *Veritas* are just a few of the many examples of the heights our children can reach with our support.

Celebrating a Diversity of Learners

NPS is committed to respecting the individual learning styles of all students. Instruction is crafted to the needs of all learners through the assignment of appropriate tasks, flexible grouping, and ongoing assessment and adjustment of instruction. Teachers differentiate instruction to match a student's readiness, interests, and learning profile. Facilitating this effort, the school has offered professional development opportunities in teaching, consultant support, and workshops on differentiated instruction. Additional teaching assistants help provide opportunities for specialized small group instruction. Technological tools, such as the Waterford Reading Program, are enhancing classroom instruction for children at all levels and interests. The Waterford Early Reading Program is a research-directed, technology-based reading program available to NPS children in kindergarten, first, and second grades. The interactive nature of the approach provides tailor-made instruction and reinforcement to children on a variety of reading levels. The program tracks each student's progress, and ensures that every day's activities keep higher performing students challenged while reinforcing important concepts to students with fewer skills. This design is based on years of reading research.

Special Services

The provision of special support services to children with identifiable needs is a high priority of the district and a mandate of the federal government and the Massachusetts Department of Education (DOE). Special Services at NPS is committed to an inclusion philosophy, where special needs children are integrated into our regular classrooms whenever possible. This approach is not only mandated by the DOE, it helps all our students better learn the lessons of tolerance and outreach. In turn, the extra resources available through Special Services can be shared in the classroom, and typical students can help model learning and behavior.

The system-wide goal is to meet the diverse learning needs of our students from ages 3 to 22, beginning with the transition to a school setting with children as young as 2.6 years. The approach is comprehensive, with emphasis placed on diagnosing disabilities, assessing progress, and providing instructional recommendations for all children identified as needing assistance. Staff is encouraged to participate in quality professional development opportunities.

System-wide services to our students with special needs include: academic inclusion support; behavioral inclusion support; specialized instruction; one-on-one and small group support; academic and behavioral support in alternative settings; occupational therapy; physical therapy; speech and language therapy; counseling; early intervention support; home tutorial programs; and, residential school placements. Interaction with the regular school program enhances the delivery of individualized education plans (IEP), and permits greater identification of needs at all grade levels. NPS does not enjoy the cost-sharing opportunities available to districts on the mainland, such as collaborating on the use of resources between districts in the placement of students. Options are limited to residential placements off-island, which carry significant cost to NPS.

English as a Second Language

NPS has hired a full-time ESL coordinator, and two full-time teaching assistants, with over 45 students speaking Bulgarian, Portuguese, Romanian, Spanish, and Thai identified to participate in the program. Students are tested at the beginning and end of the year with the Bilingual Verbal Aptitude Test that measures language abilities in first and second languages. The ESL coordinator and a teaching assistant worked closely with classroom teachers, using the Waterford Early Reading program, and provided support and other materials to improve skills and classroom performance. Parents of ESL students received additional outreach and support, and the office was able to reinforce school instruction with home practice.

Beyond the Traditional School Day

The Community School, including the Community Network for Children, provides educational and recreational support to island residents beyond the school day. Activities of the Community School include adult programs, children's programs from birth through high school, management of the Community Pool, and the scheduling of space in the school buildings after school hours. Through these organizations, the school partners with a number of island resources including the Atheneum, Big Brothers Big Sisters of Nantucket, Head Start, Health and Spirituality Conference on "Mindful Parenting," Historic Preservation series in partnership with the Preservation Alliance, Maria Mitchell Association, Nantucket Health Club, Nantucket Historical Association, Nantucket Ice, and Strong Wings.

The Community School offers a variety of activities and programs for adults in the Nantucket community. From its lecture series to lightship basket-making and electrical licensing to business and investment seminars, the Community School offers residents a forum to share talents, explore hobbies, and continue education in a variety of areas. Further, the Community School's adult basic literacy program offers personal tutoring designed to help adults improve their reading, writing and/or math skills. Classes are open to all Island residents, and for non-native speakers free English improvement classes are available through the program as well. For adults who left school without earning a high school diploma, the Community School offers free General Education Degree (GED) instruction and testing. Classes are offered in writing skills, math, science (biology, earth science, chemistry, and physics), social science (history, geography, economics, and behavioral sciences) and interpreting literature and the arts as preparation for taking the High School Equivalency Exams.

The Nantucket Community Pool continues to serve island families, residents, and organizations as a place for fun and learning. Balancing the demands of the school day with activities for seniors and parents with young children, while supporting a competitive swim program in the after school hours, and closing the day with more community time, the pool remains one of the most active year-round facilities on Nantucket. The demand for children's swimming classes continues to increase and the Community Pool remains the primary source of certified instruction on the island. The Pool Advisory Council, meeting monthly throughout the year, reviews all aspects of pool management and activities. Programs in 2002-2003 included: adult lap swim; adult aqua aerobics; Dolphins swim team; American Red Cross courses (CPR and First Aid training, Water Safety Instructor Training, Lifeguard Training, training in the new Early Cardiac Care guidelines, and training in Automated External Defibrillator essentials), aqua-tots for parents with infants/toddlers; birthday party pool rental; high school varsity swimming and diving; intramural springboard diving; physical education in the pool for grades 3 through 12; SCUBA; water polo intramural league; youth group instruction; and youth private lessons.

The Community Network for Children (CNC) through the Community School provides activities and a drop-in play space for children ages birth through 5, activities for school-age children, parent education and support workshops, Magic Years Preschool, after school care and programs, summer camp, and summer sports camps for children in baseball, basketball, soccer, ballet, lacrosse, and gymnastics. The CNC provides many programs to families with young children free-of-charge through support they receive through the school from the Community Partnerships for Children (CPC) and Massachusetts Family Network (MFN) grants from the Massachusetts Department of Education. Additional programs for school-age children included: the *Early Bird Breakfast Buddies*, a school-based mentoring program offered in partnership with the Big Brothers Big Sisters program for grades K through 5; and *Cyrus Peirce Academic Success*, an after-school program for students in grades 6-8.

Facilities Management: Total Cost of Ownership

Whenever a repair and/or equipment replacement is undertaken, analyses are completed to determine overall expenses so that the true cost of owning, maintaining, and operating a system over its expected life cycle is taken into consideration. For example, the mechanical systems in the high/middle school kitchen were replaced in the fall of 2002 with the most energy efficient units and motors available; all lights system wide were either retrofitted or replaced this past year with fixtures that were deemed to have the lowest operating costs in the industry. According to the Massachusetts Electric Engineers, these two initiatives alone should realize an operating savings of \$36,000 on an annual basis.

Fiscal Year 2003 Capital Override Implications and Timetable

Much of the work designated for funds from the fiscal year override article has been completed. The exception to this is the replacement of the façade on the original section of the elementary school. New requirements concerning rain runoff, drainage, and foundation waterproofing will necessitate design changes that add to the scope and complexity of the project. Completion of this part of the project is expected in the summer of 2004.

Future Goals

We at NPS are confident that our energies have produced a program that creatively balances educational and extra-curricular opportunities within a framework of fiscal restraint and responsibility. Per-pupil expenditures in the relative percent of instructional and non-instructional support remain consistent with the state average. Instructional expenditures are dominated by salary costs of teachers, and non-instructional by employee benefits and maintenance costs.

Future District goals include:

- ensuring that staffing in educational programs and support services promote educational excellence for all students in the system. Class size will be maintained according to the parameters set by the School Committee
- continuing the progress toward a well-rounded and articulated/integrated district curriculum that meets state mandated standards in all subject areas. Priority remains to support a broad-base of offerings for students, including sports, and the performing arts. This includes the maintenance of Advanced Placement courses in the high school, and programs such as Reading Recovery in the elementary grades
- continuing to support the purchase of hardware and software designed to improve the instructional program and technology enhancement
- continuing to place a premium on the importance of staff development and education as a means of improving classroom instruction and learning for all students
- continuing to maintain a school environment that respects all those from the Nantucket community who use and benefit from the space with a clean, safe, and healthy facility
- continuing to serve the Nantucket community in the after-school hours through programs for children and adults, the use of the school facility as a community center, and the operation of the Community Pool.

The Nantucket Public Schools are dedicated to cultivating the unique learning potential of each our students and to meet their diverse educational and social needs by providing high-quality public education.

GENERAL INSPECTIONAL REPORTS

BUILDING DEPARTMENT

The Building Inspectional Department includes Building, Zoning Enforcement (separate report), Wiring and Plumbing/Gas. Inspections for fiscal year 2003 included construction projects (residential and commercial), lodging houses, restaurants, public buildings and schools. The total inspections and total permits issued are listed below.

INSPECTION TOTALS	2002	2003
Footings	364	298
Foundation	84	90
Chimney/Fireplace	190	150
Rough	451	442
Insulation	396	367
Final	679	717
Certificate of Inspection	280	310
Wood Stove	3	2
Miscellaneous Inspections	69	96
TOTAL BUILDING INSPECTIONS	2,239	2,472
Plumbing/Gas	1,961	1,948
Wiring	1,900	1,289

TOTAL PERMITS ISSUED	2002	2003
Building Permits	1,213	1,316
New Dwellings	180	155
Duplex	9	18
Certificate of Occupancy	484	537
Gas	779	848
Plumbing	949	925
Wiring	949	1,169

During the past year the Building Department worked closely with the Assessor's Office to void building permits that have expired. We have also been very successful in closing out old building permits as well as aggressively pursuing those individuals this past year who are performing work without permits. The electrical permit was redesigned this year in an effort to streamline the permit process.

The Building Department's goal in the upcoming year is to work with the Nantucket Commission on Disability and the Massachusetts Architectural Access Board to seek increased compliance.

Respectfully submitted,

Bernard Bartlett
Building Commissioner

HEALTH DEPARTMENT

Both recreational and potable water quality were predominant concerns of island residents this past year. Decreased water quality within both harbors (Town and Madaket) have fostered the creation of two harbor water quality districts, one of which actively involves remediation by septic system inspection and repair. The other district (Madaket) anticipates the same regulatory control in the near future. Efforts were initiated during this past fiscal year to educate residents island-wide as to the dangers of inadequate septic system maintenance, overfertilization, excessive and inappropriate storm drain runoff, and other practices deemed injurious to the health of both harbors. However, mandated septic system inspections within the Nantucket Harbor Protection District have been slow to appear in this office. An increase in awareness through public education forums is anticipated in the ensuing year.

Air quality issues were of environmental concern this year as more internal combustion engines moved on and over the landscape. Fallout from these and other forms of combustion may be adding to the degrading quality of our ponds and estuaries. Issues concerning appropriate ventilation and air recirculation of public buildings, arenas, and private residences have taken on a significance, not fully anticipated on Nantucket. However, Health Department staff has taken advantage of available training in order to address these issues.

Public health concerns were remarkably predictable in types of issues addressed, but demonstrated an increase in individual case numbers during the twelve months specified in this report. We attribute this increase more in part to better reporting and investigation than in actual increases in disease. Lyme disease, Babesiosis, and Erlichiosis were documented on the island, as was an increase in the numbers of zoonotic pests that transmitted them. Future innovative efforts to remediate the tick population on island will be forthcoming through this department's alliance with the Cape and Islands Lyme Disease Task Force. In July, 2002 Nantucket recorded its first positive West Nile virus affected crow. This diagnosis was not un-anticipated and it is expected that other large species birds will be found to contain the virus in ensuing months and years. Mosquitoes continue to be a concern of disease transmission. Public education and increased remediation by the Nantucket Public Works Department appear will continue.

Due to the recent loss of the public health nursing assistance contract with Nantucket Cottage Hospital, this Department is experiencing some difficulty in meeting timely submittals of specific statistical information to the state. Without additional resources, we will continue to struggle to meet state-reporting requirements.

As Island businesses continue to import work staff, housing issues continue to escalate with concerns of overcrowding, unkempt properties and noise abatement concerns. Dormitory housing is increasingly becoming an option for larger businesses and they appear to be providing more sanitary and environmentally sound surroundings. This Department continues to address human habitation concerns, investigating and inspecting over 52 complaints in the previous 12 months.

The past twelve months denoted a continuing decrease in septic system installations with a continuing increase in repairs to existing systems as shown below:

2001 – 2002	178 Installations	28 Repairs
2001 – 2002	138 Installations	41 Repairs
2002 – 2003	112 Installations	45 Repairs

We believe the reduction in installations reflects the declining availability of unsewered lots, and the increase in repairs is attributable to system inspections and remediation protocols established within the Nantucket Harbor Water Shed Protection District. It is anticipated that this trend will continue. Mirroring the above, well replacements have increased as new installations have declined.

2001 – 2002	46 New Well Installations	22 Replacements/Relocations
2002 – 2003	42 New Well Installations	30 Replacements/Relocations

The Health Department continues to witness all percolation and deep hole testing for new and replacement systems, and for properties within newly created subdivisions. Alternative design enhanced treatment systems continue to be the systems required within all resource areas, as de-nitrifying principals dramatically reduce nitrogen loading to our harbors, ponds and estuaries. Although not a defined public health disease, nitrogen, as a causative agent, is the primary contributor to water body degradation.

Assistant Health Inspector Artell Crowley sponsored five food service sanitation certification courses this year and supervised compliance criteria resulting in the licensure of 142 food service establishments, 83 retail food stores, catering establishments, residential kitchens and temporary food booths. Each licensed establishment has received the required two re-inspections within the state mandated time frame. Mr. Crowley is also responsible for the department's underground fuel tank removal program as well as sharing percolation-testing duties, selected housing inspections, and other nuisance complaint investigations and lodging house licensure with the Health Inspector.

The Department's daily office activities are managed by part-time Office Manager Nancy Holmes. Nancy's professionalism and organizational skills are to be commended. The Department will realize a long-standing request in July 2003 when the Office Manager position becomes full-time and this will further enhance our ability to assist the public.

Licenses and Permits Issued for Fiscal Year 2003

TYPE	NUMBER	REVENUES
Food Service Permits	228	\$22,800
Lodging House Licenses	90	\$ 9,000
Innholders Permits	10	\$ 1,000
Massage Licenses	26	\$ 2,600
Scallop Shanty Permits	34	\$ 1,700
Tobacco Permits	24	\$ 1,200
Swimming Pool Licenses	7	\$ 700
Disposal Works Installers	21	\$ 1,050
Septic System Permits	112	\$32,100
Well Installation Permits	42	\$ 4,200
TOTAL	594	\$64,650

Respectfully submitted,

Richard L. Ray
Health Inspector

NANTUCKET ISLANDS LAND BANK

Nantucket Islands Land Bank was established by the voters of Nantucket in 1984 for the purpose of acquiring, holding, and managing important open space resources of the Island for the use and enjoyment of the general public. Funding for the program is derived primarily from a 2 percent transfer fee levied against most real property transfers within Nantucket County. During fiscal year 2003 real estate market conditions improved slightly yielding \$8,302,880 in transfer fee revenues for the year compared to last years \$7,439,568. The Land Bank acquired 20.67 acres of land at a cost of \$5,997,589 during fiscal year 2003. Land Bank holdings now total 2,176 acres with an additional 105 acres permanently protected by conservation restrictions. Since its inception the Land Bank has expended \$106,013,478 on land purchases on the Island.

COMMISSIONERS, ADMINISTRATION, AND STAFF

Five elected Land Bank Commissioners serve without compensation administering the Nantucket Islands Land Bank Act (Chapter 669 of the Acts of 1983, as amended).

John J. Stackpole
Philip D. Bartlett
Polly T. Miller
Kenneth W. Holdgate, Jr.
Allen B. Reinhard

April 2004
April 2005
April 2006
April 2007
April 2008

Eric Savetsky serves as the Director, Craig D. Hunter serves as the Office Administrator, Bruce Perry is the Property Manager and Robert Earley is the Assistant Property Manager. Part time office staffing was provided by Kathryn Hunter, and full time summer field assistance was provided by Ryan Conway.

REAL PROPERTY TRANSFERS AND FEE COLLECTION

During the year the Land Bank processed 1,165 real property transfers having a total gross value of \$424,931,858 compared to last years \$411,533,494. The following graph shows transfer fee revenues since the Land Bank's inception in 1984.

SOURCE AND USE OF LAND BANK FUNDS

Sources of Land Bank revenue include transfer fee income, interest earned on investments, proceeds from the issuance of land acquisition bonds and notes, and charitable contributions. All funds received by the Land Bank are deposited into a revolving account that the Commission uses to administer land acquisition and property management programs, and to retire debt issued for land acquisitions. The sources and amounts of revenue, and the funds expended during fiscal year 2003 are shown below:

LAND ACQUISITIONS - FISCAL YEAR 2003

The Land Bank acquired eight new properties totaling 20.67 acres during fiscal year 2003. A brief description of each new acquisition and its purchase price is listed in chronological order as follows:

Aladjem Property – 74 Washington Street (\$1,060,000)

With the removal of the existing cottage from this 0.08 acre waterfront property, fantastic harbor views were opened up at the intersection of Francis Street and Washington Street.

Maxcy's Pond Property – 212 Cliff Road (\$450,000)

This 7.3 acre property lies directly on Maxcy's Pond and will provide public access from Cliff Road to the pond for boating, fishing, birding, etc.

Gibbs/Folger Property – 9 Dionis Beach Road (\$116,000)

This 4.75 acre property abuts the Town's Dionis Beach and contains a large wetland system.

Gewirz – 17 Grove Lane (Gift)

This 0.32 acre property is predominantly wetland and directly abuts the Old North Cemetery.

Holdgate – 60 Washington Street (\$1,100,000)

This 0.14 acre waterfront property is located right on the harbor and will remain open forever preserving the wonderful harbor views there.

Latici – 29 North Cambridge Street (\$3,000,000)

This 2.7 acre waterfront property is located on Madaket Harbor at the end of North Cambridge Street. The seller retained a 5-year estate on the property, after which time, the property will be opened up for public recreational use.

Simmons – Eel Point Road (\$160,000)

This 0.44 acre property contains over 100 feet of waterfront at Eel Point and directly abuts other waterfront property owned by the Nantucket Conservation Foundation beach.

Winn - Hummock Pond Road (Gift)

4.91 acres of land transferred as open space to the Land Bank pursuant to Nantucket's cluster subdivision bylaw.

PROPERTY MANAGEMENT

Property management activities this year included annual projects such as the creation and maintenance of walking trails, annual grassland restoration mowing and burning, brushcutting of heavily overgrown areas to promote grassland restoration, rare plant monitoring, piping plover and least tern nesting protection and monitoring, beach clean-up, beach access management, installation of split-rail fence to delineate property lines, maintenance and improvement of roadways and parking areas which provide public access to Land Bank and other public properties. In addition to annual activities the following projects were completed:

40th Pole Property – Eel Point: coordinated with Town, Beach Manager, Police Dept., Beach Management Advisory Committee and abutters to improve management of public beach use

Aladjem Property - Washington Street: removed dwelling to open up harbor views

Apthorpe Property – 32 Western Avenue: received Conservation Commission permits to construct stairs and footpath to the beach

Cisco Beach Property: relocated an existing dirt way threatened by beach erosion

Miacomet Golf Course: construction of the new 9 holes commenced in the fall of 2002 and was completed in spring 2003 with an expected soft opening in the fall of 2003

Miacomet Park: mowed 40 acres of previously mowed land as part of ongoing grassland restoration efforts

Sanford Farm/ Barrett Farm Road Properties: mowed 140 acres of previously mowed land and performed controlled burns as part of ongoing grassland restoration efforts

Sharp Property – Tennessee Avenue: removed house and septic system, created parking and picnic areas

Smooth Hummocks/ Moorlands Management District: performed controlled burns in conformance with golf course permit mitigation requirements

Stone Property – Nonantum Avenue: removed house and created parking area for beach access.

Respectfully submitted,

Kenneth W. Holdgate, Jr.
Chairman

MUNICIPAL FINANCE, DEPARTMENT OF

The Department of Municipal Finance includes Assessing, Treasury and Collections, and Finance Operations. The department operates under the provisions of Massachusetts General Law and the Massachusetts Department of Revenue (DOR). The Town's financial statements are audited annually by an independent Certified Public Accountant. At press time, the fiscal 2003 audit report was not available; it will be available on the Town's website and at the offices of the Finance Department, as soon as it is complete

ASSESSING

Every second year, the DOR prepares Equalized Valuations (EQV) for every municipality in the Commonwealth. The EQV is an estimate of the property value, and is used to allocate state aid to municipalities. The 2002 EQV resulted in Nantucket ranking 4th of the 351 cities and towns in the Commonwealth, following only Boston, Cambridge, and Newton.

Fiscal year 2003 values for all property were as follows:

Residential Land	\$1,165,483,300
Single Family Dwellings	5,476,271,700
Two Family Dwellings	258,399,300
Three Family Dwellings	15,227,900
Four or More Family Dwellings	25,841,800
Condominiums	101,754,100
Miscellaneous Residential Properties	2,844,353,700
Mixed Use Properties	131,591,353
Commercial Properties	611,341,497
Farmland	811,600
Recreational Land	14,944,500
Open Space	11,842,800
Industrial Property	24,752,200
Personal Property	<u>125,030,897</u>
TOTAL TAXABLE PROPERTY	\$10,807,646,647
Exempt Property	<u>1,876,587,600</u>
TOTAL PROEPTY VALUE	<u>\$12,684,234,247</u>

This represents an increase of \$2,860,851,138 or 36% in taxable property value compared to the previous year. The Town's levy limit (revenue that can be raised through local property taxes) increased due to new growth from development and construction and the Proposition 2 ½ factor as follows:

Levy Base (previous fiscal year's Levy Limit)	\$30,535,770
Proposition 2 ½	763,394
Revenue from Certified New Growth	<u>2,237,340</u>
Fiscal Year 2003 Levy Limit (next fiscal year's Levy Base)	\$33,536,504
Debt Exclusion	<u>4,210,087</u>
Fiscal Year 2003 Maximum Levy	<u>\$37,746,591</u>

The actual tax levy for fiscal year 2003 was \$37,722,257, an increase of \$3,139,605 or 9% over the previous year. Over 71% of the increase in the tax levy came from certified new growth, 24% allowable increase from the provisions of Proposition 2½, and 3% from an increase in excludable debt.

Tax rates for fiscal year 2003 were:

Residential	\$ 3.42
Open Space	\$ 3.29
Commercial	\$ 6.11
Industrial	\$ 6.11
Personal Property	\$ 6.11

The composite tax rate is \$3.49, compared to the statewide average composite tax rate of \$12.76 per \$1,000 of assessed valuation. The composite rate represents the rate that would be charged if the community used a single rate structure. One penny on the composite tax rate raised just over \$108,000.

A residential exemption is available for year round residents, as authorized by Massachusetts General Law. Average values and taxes on residential properties are listed in the following chart.

	Assessed Value	Less: Residential Exemption	Taxed Value	Real Estate Tax
Nantucket Year-Round Residential	\$751,945	\$210,262	\$541,682	\$1,853
Massachusetts Median Residential	\$212,338	N/A	\$212,338	\$2,709
Nantucket All Residential	\$1,051,310	N/A	\$1,051,310	\$3,595

Many thanks are due to Deborah Dilworth, Assessor for the Town of Nantucket, and her capable staff. In addition to real estate and personal property assessments and abatement processing, they process motor vehicle and boat excise taxes and abatements, produce sales ratio studies, identify and assess new growth, and process residential exemptions.

TREASURY AND COLLECTIONS

Collections, including collections on prior years' delinquent taxes, were \$36,113,483, or 95.6% of the levy. Property tax revenue represents 60% of all revenue for the Town of Nantucket, and 76% of revenue for the general operating fund.

Other revenue and resources for the general operating fund of the town are:

Other Revenue	(millions)
Excise Taxes – motor vehicle, room, boat	\$3.3
Our Island Home charges and Medicaid receipts	2.8
Licenses, permits, rentals and fees	2.4
State Funding	1.3
Penalties, interest, fines and forfeits	0.7
Intergovernmental payments	<u>0.6</u>
Total other revenue	<u>\$11.1</u>
Other Resources	
Transfer Pension Reserve Fund to general fund	1.1
Unused capital articles, prior years	<u>1.0</u>
Total other resources	<u>\$2.1</u>
Total other revenue and resources	<u>\$13.2</u>

Special revenue funds receive revenues from federal and state grants, and from fee-based programs. Revenues are legally restricted for a specific purpose. Capital projects are funded from proceeds of general obligation bond issues, from federal and state grants, or from transfers from the general operating fund, authorized by Annual Town Meeting.

Theresa Bedell, who passed away on March 10, 2003, served in the Town's Finance Office from 1966 to 1989.

The Town of Nantucket has five enterprise funds (Nantucket Memorial Airport, Wannacomet Water Company, Siasconset Water, Sewer and Solid Waste Treatment, and Landfill) that are financed primarily through user charges. In lieu of residential user charges for landfill operations, the voters of Nantucket approved an operating override of \$1,900,000 at the 1998 Annual Town Meeting to provide funds for the landfill from general tax revenue. While the override amount has increased by 2.5% per year, as allowed by law, the amount budgeted to the landfill from general tax revenue has not increased during the five year period, although costs of running the landfill have increased substantially during that time.

Health insurance for employees and retirees is provided through a self-funded plan. The plan is recorded as an Internal Service fund, in keeping with generally accepted accounting principles. The total cost of medical insurance during the 2003 fiscal year was \$6,332,843. Of this amount, \$675,250 was paid by employees and retirees, \$116,215 was paid by the County, Land Bank, and NRTA for their employees, \$135,758 was paid by former employees under federal COBRA regulations, and \$5,405,620 was paid by the Town's General Fund and Enterprise Funds. In addition, the Town was required by the Commonwealth to transfer \$1,965,165 to pay for previous years' accumulated deficits in the Health Insurance Fund. The cost of medical care increases at a much higher rate than all other costs, and the provision of health benefits to employees and retirees is a major financial challenge to the Town of Nantucket.

Trust and agency funds receive money and property that is held by the Town as trustee, custodian, or agent. These include the workers compensation self-funded insurance trust fund, a stabilization fund, and numerous scholarship funds.

The Town's long-term debt outstanding on June 30, 2003 consists of general debt of \$37,714,729 and enterprise fund debt of \$5,359,030. A summary of changes in general long-term debt during the year is as follows:

Description	Balance July 1, 2002	Issued During Year	Paid During Year	Balance June 30, 2003
General Debt				
Inside Debt Limit:				
		\$ -		
General Obligation Bonds of 1997	\$ 24,235,000	0-	\$ 995,000	\$ 23,240,000
General Obligation Bonds of 2001	310,000	-0-	20,000	290,000
Outside Debt Limit:				
		-		
General Obligation Bonds (1)	1,195,000	0-	175,000	1,020,000
		-		
General Obligation Bonds of 1997	14,375,000	0-	1,230,000	13,145,000
MWPAT Title V Septic Mgmt Program	<u>20,893</u>	<u>-0-</u>	<u>1,164</u>	<u>19,729</u>
	<u>\$ 40,135,893</u>	<u>\$ 0-</u>	<u>\$ 2,421,164</u>	<u>\$ 37,714,729</u>
Enterprise Debt				
Inside Debt Limit:				
Sewer Department:				
Water Pollution Abatement Bonds	\$ 1,639,009	\$ -	\$ 69,979	\$ 1,569,030
General Obligation Bonds: 2001	810,000		40,000	770,000
Outside Debt Limit:				
Wannacomet Water Department:				
General Obligation Bonds: 2001	1,105,000		60,000	1,045,000
General Obligation Bonds: 2001	1,350,000		150,000	1,200,000
Nantucket Memorial Airport:				
General Obligation Bonds: 2001	875,000		100,000	775,000
	\$			
	5,779,009	\$ -	\$ 419,979	\$ 5,359,030

The annual requirements to amortize the outstanding debt, including interest, as of June 30, 2003 are:

Year Ended June 30,	General Outstanding Bonds			Enterprise Outstanding Bonds		
	Principal	Interest	Total	Principal	Interest	Total
2004	2,551,163	1,949,416	4,500,579	421,928	242,929	664,857
2005	2,676,163	1,816,491	4,492,654	423,873	225,521	649,394
2006	2,796,163	1,667,277	4,463,440	425,814	208,012	633,826
2007	2,946,163	1,504,205	4,450,368	422,985	190,347	613,332
2008	3,106,162	1,327,788	4,433,950	425,384	109,725	535,109
2009-2018	23,638,915	5,384,791	29,023,706	3,239,046	502,966	3,742,012
	\$ 37,714,729	\$ 13,649,968	\$ 51,364,697	\$ 5,359,030	\$ 1,479,500	\$ 6,838,530

During fiscal year 2003, Deborah Weiner and Elizabeth Brown were appointed Treasurer and Collector, respectively. Every day, they bring high expectations and commitment to their jobs. I want to express my thanks to them and their staff for their competence and integrity. In addition to tax billing and over-the-counter collections, the Collector's office processes departmental receivables, municipal lien certificates for property sales or transfers, and lockbox payments. The Treasurer's office processes payroll checks,

handles employee and retiree medical insurance and workers' compensation insurance, invests town funds as allowable by law, handles tax title liens, processes debt service payments, and works with our financial advisor and bond counsel on the financial disclosure related to issuing new debt and SEC required reporting for outstanding debt.

FINANCE AND OPERATIONS

The Finance and Operations department handles accounting, financial and budgetary compliance and reporting, non-employee insurance, the financial computer system, and vendor payments for the Town and County of Nantucket. During fiscal year 2003, Linda Rhodes returned to Nantucket and was appointed Financial Systems Administrator. Linda's previous corporate experience is invaluable, as she provides support to over 100 users of the financial software, and acts as the primary interface between the software vendor and the Town. Kathy Richen was promoted to Operations Coordinator and in that capacity is responsible for Town, County, Land Bank and NRTA property and liability insurance coverage and claims, as well as her previous bookkeeping responsibilities. Shirley Cabral and Cindy Grant (part time) handle all vendor payments and the related federal and state reporting requirements. Thanks to all of them for the work they do, and for their support and assistance.

Respectfully submitted,

Constance Voges
Finance Director

TOWN CLERK

I am extremely grateful to Assistant Town Clerk James Everett Grieder and to Administrative and Vitals Clerk Linda Bradbourne MacDonald for another wonderful year. Fiscal year 2003, with its accompanying budget constraints, presented many challenges. The Town Clerk's Office has also been fortunate enough to have two dedicated volunteers in the office on occasion. Jo Zschau and Anne Sweidel have helped to facilitate elections, census, and filing. I also want to recognize the members of the Board of Registrars: Carolyn Gould, Janet Coffin, and David Goodman; and the many Town Meeting and Election Workers. We are extraordinarily grateful for all their help and support.

The Town Clerk's Office regrets the loss this past year of several of our Election Workers: "Zena" Gomes, my father Charlie Flanagan, and long-time Ward Clerk Mary A. Glidden. We surely miss them.

Our most important accomplishment this past year was to restore and archive the original Town Seal. The Town Seal was designed, drawn and hand-colored in the 1800's and has been hanging on the wall of the Town Clerk's office ever since. The fact that it was the only copy in existence made me extremely anxious. Last fall, I sent the original seal to Brown's River Restoration. They cleaned, repaired, restored, and archivally preserved the original, which I have placed in the office vault. A copy of the seal, in its original frame, now hangs at the Town Building.

I attended all the Town Clerk conferences and meetings this past year, and took every course offered in the areas of my office's statutory obligations. Additionally, I was enrolled at the International Clerks' Institute at Salve University in August. I have been admitted to the Master Academy, and completed my second year of training. There are three levels and it takes six to seven years of additional education to advance through the levels to obtain the designation of "Master Municipal Clerk."

In June 2001, a decision was made to return to the publishing company that originally codified our Town Code. Happily, this arrangement has worked out well as the Company has been efficient and responsive to our needs, and helped correct many errors in the Code. This was facilitated by the 2003 Town Meeting approval of Article 26. Bylaws and zoning information are available online at <http://www.generalcode.com>. The Charter and Code for the Town and County of Nantucket has been reformatted and is available at the Town Clerk's office.

Restoring and archiving the historic town records of Nantucket is still one of the Town Clerk Department's main goals. We have more than 300 volumes of valuable vital information and other records that are crumbling and must, by Massachusetts statute (MGL Chapter 66, section 9) be restored and maintained. We received funding in fiscal year 2001 to proceed with the first stage of this five-step project.

Other goals we hope to achieve:

- systematize old fuel storage records
- organize and update our system for recording and researching information
- database the Town's roads
- locate, acquire and database the Island's cemetery records
- put all public records into laser fiche to facilitate public records requests per MGL Ch. 66, §. 10.

Assistant Town Clerk James Grieder has begun the databasing of all roads, streets and ways of the Town, as well as other most-requested public information. Our Department has joined with a group of other local historians to map and database town-owned cemetery records.

For the fifth year, we included an optional questionnaire with our annual Town census. The 2003 questionnaire gathered information that would be helpful to many Town departments to enhance services to their constituents. At the bottom of the census form itself, we included a tear-off sheet with the dates for the scheduled elections and the Annual Town Meeting, as well as the date dog license renewals would start, and the dates the various hunting seasons commence.

Elections and Town Meetings Held on Nantucket in Fiscal Year 2003

July 22, 2002	Special Town Meeting	391 in attendance (5 articles – 1 night)
April 1, 2003	Annual Town Election	3,714 ballots cast
April 14, 2003	Annual Town Meeting	952 in attendance (97 articles – 3 nights)
April 15, 2003	Special Town Meeting	549 in attendance (3 articles – 1 night)
June 3, 2003	Special Town Election	1,322 ballots cast

Total Registered Voters as of:

July 1, 1999	6,287
July 1, 2000	6,694
July 1, 2001	6,756
July 1, 2002	7,288
July 1, 2003	7,304

Vital Statistics Recorded July 1, 2002 – June 30, 2003

Ballot Question – Annual Town Election – April 1, 2003

1. Shall the Town of Nantucket approve the charter amendment proposed by town meeting, to be effective July 1, 2003, which amendment is summarized below:

Summary: Town Meeting, by more than two-thirds vote at the last Annual Town Meeting, voted to propose the following charter amendment to expand the town administration departments under the authority of the Town Administrator as follows: "In addition to the foregoing, the following boards, commissions and agencies shall be hereby classified as town administration departments: Board of Appeals, Conservation Commission, Council on Aging, Council for Human Services, Historic District Commission, Planning Board, Park and Recreation Commission, and Shellfish and Harbor Advisory Board. All town employees in the employ of these boards, and commissions, and agencies as staff, assistants and the like, shall, on the effective date of this amendment, come under the appointment, removal or other authority of the Town Administrator in accordance with section 4.3 and 4.6 of the Charter, provided, however, that the method of appointment or election of members of such boards and commissions (which boards and commissions shall be "department head" within the meaning of section 4.6 of the Charter of the Town for each of their respective jurisdictions) shall not be changed by this amendment."

YES	1,877
NO	998
BLANKS	839

Ballot Questions – Special Town Election – June 3, 2003

1. Shall the Town of Nantucket be allowed to assess an additional Two Hundred Fifty-Three Thousand Dollars (\$253,000) in real estate and personal property taxes for the purpose of funding repairs to the following public facilities: Robert F. Mooney Town and County Building at 22 Federal Street; Town Building at 16 Broad Street; Our Island Home, Town Building Annex at 37 Washington Street; Visitor Services Building at 25 Federal Street; Siasconset Fire Station; Madaket Fire Station; Town Annex at 1 East Chestnut Street; Park and Recreation office at 1 Bathing Beach Road.

YES	778
NO	527
BLANKS	17

2. Shall the Town of Nantucket be allowed to exempt from the provisions of Proposition Two and One-Half, so-called, the amounts required to pay for the bond issued in order for the following capital expenditures: restoration of town assessing maps and records, replacement of Fire Chief vehicle; Childrens' Beach boat ramp improvements; Polpis harbor bulkhead reconstruction; sidewalk construction on Prospect Street; school-area bicycle paths and sidewalk improvements; traffic study of Pleasant Street; engineering, surveying and other related costs associated with re-alignment of Sparks Avenue/Hooper Farm/Pleasant Street intersection; repairs to Appleton Road; construction of sidewalk ramps in accordance with the Americans with Disabilities Act; various sidewalk and bicycle path improvements, and installation of commercial kitchen for culinary arts program at Nantucket High School.

YES	706
NO	593
BLANKS	23

3. Shall the Town of Nantucket be allowed to assess an additional Seven Hundred Forty-Seven Thousand Dollars (\$747,000) in real estate and personal property taxes for the purpose of being deposited in the Town's Stabilization Fund?

YES	571
NO	714
BLANKS	37

4. Shall the Town of Nantucket be allowed to assess an additional Twenty-Nine Thousand Eight Hundred Eleven Dollars (\$29,811) in real estate and personal property taxes for the purpose of funding the salary of an additional full-time clerical position for the Nantucket Council on Aging?

YES	666
NO	639
BLANKS	17

Town Clerk

MARINE AND COASTAL RESOURCES DEPARTMENT

The summer boating season got off to a great start with good weather and many recreational boaters coming to Nantucket from all over the world. At the peak of the summer, the second week of August, there were in excess of 2,400 boats moored in our waters. The Town provides dinghy docks, fresh water, bathrooms and pump-out service for all boats in the anchorages. This was the fifth consecutive year that the Nantucket pump-out program received a high level of funding from the Commonwealth of Massachusetts Division of Marine Fisheries. A \$22,000 grant from the Federal Clean Vessel Act funded seventy-five percent of all costs of the operation of the "Headhunter" pump-out vessel and the pump-out facility at the end of the Town Pier. Through the combined efforts of the Town and the Nantucket Boat Basin over 120,000 gallons of sewage was pumped from visiting boats.

Recreational scalloping began on October first with well over 300 people fishing on opening day. The push-rakers got their family bushel in just over an hour. On November first there were forty-nine commercial boats scalloping in Town and six in Madaket. The total landings for the season were 13,900 bushels. The opening day price was \$10.00 per pound and the fishermen lost over thirty days to inclement weather during the five-month season. The harbor froze over twice during the coldest months.

The Town is continuing its shellfish propagation program at the Brant Point boathouse growing quahogs, oysters and soft-shell clams, and then distributing them to augment the natural set. Spat collection for bay scallops is being performed in many areas throughout the harbor. This year's numbers of bay scallops collected was 60-100 per bag, which is significantly lower than in past years. The shellfish biologist is monitoring many areas of the harbors to determine which areas support bay scallop reproduction and which areas can support seed when it needs to be relocated. In April, several fishermen assisted the biologist in moving a large quantity of bay scallop seed from fourth and fifth bends. The water quality monitoring of both Nantucket and Madaket Harbors continues with the major focus on Madaket at the present time. The Madaket watershed is complex and includes Madaket Harbor, Hither

Creek, the Madaket Ditch and Long Pond. The state's "estuary project" is being coordinated with Dr. Brian Howes of the University of Massachusetts Dartmouth, Center for Marine Science and Technology (SMAST). Several Town departments are involved in development of the island-wide Comprehensive Wastewater Management Plan and Septic Management Plan, which will hopefully give the Town some conclusive information that can be used to manage our resources in the future.

The Board of Selectmen, upon advice from the Beach Management Advisory Committee, recognized the need for a strong commitment to keep our beaches open to the public. A full time Beach Manager position tasked with the day-to-day management of the Town's beaches and coordination with other large land tract managers for activities and functions was approved and funded through the revenue collected from the sale of beach stickers. Ms. Amanda Bixby, a lifelong resident, was chosen for the position and we look forward to working with her. Our department coordinated with all of the responsible local, state and federal agencies for two fireworks displays held at Jetties Beach, while protecting a pair of nesting piping plovers and chicks. The actual shooting of the pyrotechnics was from an offshore barge instead of from the beach. Erosion continues to be a problem at various beaches around the island and it appears at this time that Smith's Point will be closed to vehicular traffic this summer due to severe erosion at the access point.

Permits Issued

TYPE ISSUED	NUMBER	REVENUE COLLECTED
Moorings	1,920	\$185,425
Town Pier Slips	100	\$142,000
Transient Dockage		\$ 5,100
Recreational Shellfish	1,776	
• Resident	1,626	\$ 40,650
• Non-Resident	38	\$ 3,800
Commercial Scallop	161	\$ 40,250
Commercial Quahog/Mussels	4	\$ 600
Business License/Contract	1	\$ 43,750
TOTAL REVENUE COLLECTED		\$461,575
